

LEADERS LIST 2009

*The Unique Annual Guide to the Most Highly Regarded
Figures in Private Wealth Management*

Citywealth's fourth annual list is the result of extensive, in-depth research consisting of numerous interviews, meetings, telephone conversations and emails, carried out in the late part of 2008 and into 2009; all names have been put forward confidentially by private clients or peer recommendation. References, testimonials and confidential research has been carried out to cross checked by the Editor .

Those listed are generally acknowledged to possess a sterling reputation for expertise in their respective field, first-class client service and sophisticated services for wealthy families and individuals. This year we have paid particular attention to feedback on the investment management industry to help bring you trusted managers who can tackle difficult times in 2009. All listings are in alphabetical order by name.
